## CLINICIAN RONDI JOHNSON

Rondi Johnson has been judging Horse Shows for over 35 years and competing all of her life. From AQHA to APHA, as well as, Extreme Cowboy Races, she has a varied background. Her first and foremost favorite event is the Trail Class because it affords the rider and horse an opportunity to form a trusting relationship to navigate obstacles that you normally wouldn't see in every day riding. Rondi has served as a 4-H leader over the years and has also given lessons, attended many continuing education clinics, and given a few clinics to riders of all ages. Its always a challenge to continue learning the new rules and she is very accepting of all rider levels.
