

7. Be Considerate of Others

- ♣ How do you feel when you hear kids shouting ½ mile down the trail?
- ♣ How do you feel when your campsite neighbor plays blaring music?
- ♣ How do you feel when you have to breathe a long pack string's dust and are not allowed to pass?
- ♣ How do you feel when hikers don't get off the trail for you when you are riding?
- ♣ How do you feel when you have finally made it to camp and you have *close*, obnoxious neighbors???
- ♣ What do you think when you arrive at a remote location only to be pestered by a chipmunk that has obviously been given handouts?

Why are you out in the back country? Others there for the same reasons

Co-instructors do you have anything to add?

What questions do you have??
